## 2014 - \$259,996

Gorongosa National Park Restoration Project - \$200,000 (4 projects, \$50,000 each)

- Monitoring the Elephant Population
- Lion Population Research
- Children's Conservation Education
- Ranger Training

Southern Idaho Ground Squirrel Project - \$55,128

Bowling for Rhinos - \$3,168

Saola Snare Project - \$1,700

# ZOO BOISE CONSERVATION FUND GRANTS MADE

## 2015 - \$245,168

Gorongosa National Park in Mozambique, Africa - \$200,000 (4 projects, \$50,000 each)

- Anti-Poaching Unit- Supports 120 passionate scouts dedicated to stopping poaching throughout Gorongosa National Park.
- Elephants- Prevents human-elephant conflict including: poaching for ivory, monitoring of herds, and working with local communities on a long-term plan.
- Ecohealth Program- Focuses on improving food security, empowering women, and increasing access to essential health services to the communities around Gorongosa Park.
- Vulnerable Children Education- Aims to empower young people living around Gorongosa National Park to exercise new professions and to develop their own productive and commercial activities instead of illegal ones that exploit the natural resources of the park.

Southern Idaho Ground Squirrel Project - \$38,400

Bowling for Rhinos - \$4,600

Saola Snare Project - \$2,168

## 2016 - \$358,276

Gorongosa Restoration Project in Mozambique, Africa - \$200,000

In 2013, Zoo Boise and Gorongosa National Park in Mozambique formed a long-term restoration partnership. Gorongosa National Park is one of the most biodiverse places on the planet and Zoo Boise is helping to protect the many incredible species that call the park home.

Table Rock Restoration - \$100,000

Southern Idaho Ground Squirrel Project - \$35,000

Zoo Boise worked with Dr. Eric Yensen, a retired College of Idaho professor, to develop a protocol for successfully reintroducing Southern Idaho ground squirrels into the wild. Zoo Boise housed Southern Idaho ground squirrels as a breeding population to reintroduce into the wild. The project involved setting up specially designed release pens and monitoring the squirrels for survival and breeding rates through following years.

AZA SAFE Cheetah Fund - \$12,500

Bowling for Rhinos - \$5,776

Saola Snare Project - \$5,000

## 2017 - \$307,275

Gorongosa Restoration Project in Mozambique, Africa - \$200,000

Table Rock Restoration - \$50,000

# ZOO BOISE CONSERVATION FUND GRANTS MADE

## **2017 - \$307,275 (continued)**

Global Wildlife Conservation - Saola - \$36,911

Association of Zoos & Aquariums - \$12,500

Bowling for Rhinos - \$7,684

## **2018 - \$297,500**

Gorongosa Restoration Project in Mozambique, Africa - \$200,000

Table Rock Restoration - \$50,000

Funds generated by visits to Zoo Boise were used to help protect one of Boise's favorite features: the Foothills. In 2016, Zoo Boise gave \$100,000 to help restore Table Rock after it was destroyed by fire. Over the next five years, Zoo Boise generated an additional \$250,000 for Foothills preservation and restoration. That's a total of \$350,000!

Association of Zoos & Aquariums SAFE - \$12,500

Snow Leopard Trust - \$10,000

Wildlife SOS - \$10,000
