

# SCHOOL AND YOUTH GROUPS

## Field Trip with Guided Programs

Each program includes content focused on a topic in the form of a guided zoo tour, Biofact (animal pelts, skulls, bones, feathers, beaks, eggs, etc.) exploration, hands-on STEM focused activities, and animal meet and greet. (Animal availability subject to change depending on the needs of the animal.)

### Cost

- \$8 per student
- \$5 per adult chaperone or teacher
- \$3 per Zoo Boise member

This price is available to public schools and registered 501(c)(3) nonprofit organizations that provide services to youth.

### Length

One-hour programs; can be shortened.

### Group Size

Minimum is 15 students, and the maximum is 30 students at one time. To arrange back-to-back programs on the same topic for larger groups, make a note in the comments portion of the form.

### Available Schedule

Only available 10:00AM - 3:00PM on Mondays, Thursdays, and Fridays from September - November and March - May. Dates can fill up fast, and programs are not available on-demand once you arrive at the zoo.

Two weeks advanced submission of the below form is recommended. You will receive confirmation, or alternate dates, within one week.

### Topics and Standards

Based on feedback from teachers, three options have been developed for each grade range (K-2nd, 3rd-5th, and 6th+). Within these topics is a program that most naturally satisfies one of the Idaho Science Content Standards. The others - while originally designed for other age groups - are made available and adjusted to meet age-appropriate needs of students.

**Grade Range K-2:** “Fur, Feathers, and Scales”, “Way to Grow!”, “Habitats”

**Grade Range 3-5:** “Animal Teamwork”, “Amazing Adaptations”, “Build-a-Zoo”

**Grades 6 and over:** “Zoo Careers” (*Make note of your specific class goals in the form’s comment section.*)
