Thank you for coming to my school, to talk about the animals. I loved how you talked about the camera thing that detected animals and it took pictures about them. My favorite animal you talked about when you were here was the Lion's. They look and are super cool! But for sure One of my favorite things was when you put out the Lion and heyaana skin thing on the desks and All the skulls. They were so cool!! Thank you for coming to Star Middle School.
